

SECURE YOUR SOCIAL MEDIA!

BEST PRACTICES

- ✔ Set preferences to allow only your friends the ability to view your profiles and posts.
- ✔ Turn off tagging and location services.
- ✔ Avoid posting personal information.
- ✔ At work, be sure to follow your organization's acceptable use policies.
- ✔ Never post or share confidential information or trade secrets such as business plans, financial information, product or legal information.
- ✔ Refer negative third-party posts to your communications department.
- ✔ Be wary of aggressive political agendas. Avoid reposting or commenting on intentionally inflammatory posts as they may be part of cyber brain-washing efforts.
